Leading the Industry

Forterra®

An Exceptional Experience

Modern luxury

Turn your wardrobe into a personal style gallery designed to keep all of your favorite items on display. Cabinets with crown molding, spacious shoe shelves, a lighted hutch with glass doors, and a central island transform any room into a walk-in wardrobe with the luxurious feeling of an upscale boutique.

Extra touches like a velvet-lined jewelry tray, extendable valet rod for planning outfits, and a built-in hidden hamper make your custom closet as functional as it is beautiful.

Shown in River Rock.

More than a wardrobe

Multiply your storage space instantly with a custom wardrobe solution. Ideal for a bedroom or guest room, it offers space for hanging clothes, folded items, and extra blankets, all neatly concealed to keep the room feeling perfectly put-together.

Built-in lighting illuminates the display area and countertop, as well as providing a soft glow at night. Little details like full-extension drawer glides make it convenient to access items in every drawer.

Shown in Morning Mist.

Signature chic

Keep your closet feeling calm and serene with an elegant combination of solid and woodgrain colors, clean lines, and stylish hardware. A built-in hutch takes center stage while hanging rods maximize storage – even in the corners. Plan the perfect number of shelves, drawers, and hanging rods to create your personalized closet.

Add a pull-out rack to hold accessories, an extendable valet rod to help you organize your ensemble, and adjustable-height shoe shelves to keep your footwear on display.

Shown in Bed Rock and Fort.

Simply elegant

This stunning walk-in closet lends subtle structure that spotlights any wardrobe. Corner shelves, racks, and rods keep your shirts, shoes, scarves, and purses in perfect order. A wardrobe valet extends to show off tomorrow's ensemble. Rounded edges soften the style. Built-in hutch hides or highlights your belongings beautifully.

Shown in Arctic White.

In-house boutique

Deciding what to wear is more fun than ever. This walk-in closet is designed to showcase each carefully selected garment. Tall enclaves accommodate long dresses and slacks. An island provides plenty of room for folding, organizing, and wardrobe planning.

It's all in the details. A mirror retracts out of sight when not in use. Pull-out wire baskets hold linens.

Shown in Mocha.

Bachelor pad

Streamline everyday routines while keeping your room looking polished and neat. With its refined, industrial-inspired style, this custom reach-in closet lets you organize hanging clothes, folded items, and shoes any way you like.

A full suite of hooks, trays and racks keep accessories close at hand to make getting dressed each day more efficient. Slanted shoe shelves with stylish fences display your collection to help you choose the perfect pair for any outfit or activity.

Shown in Blue Stone.

Room to grow

Get kids organized from wardrobe to workspace. A lifetime of creativity starts at this simple desk fit for homework, web-surfing, or artistic endeavors. Hooks, baskets, and racks place prized possessions within sight and reach.

Shown in Arctic White.

Craft, create and connect

Inspire your inner artist with a custom studio designed to organize your crafting supplies and encourage years of creative fun. A counter-height island provides a natural gathering spot for hobbies, school projects or gift wrapping. Digital and hand-made processes come together at a computer station. Tall dividers and hooks organize gift bags and ribbons, while a tilt-out bin keeps paper rolls neat, protected and close at hand.

Some colors shown not available.

Baby steps

Durable and kid-friendly, ORG Home storage solutions grow from toddler to teen. Adjustable shelves, rods, and cubbies offer a fun, practical alternative to chaos. Two rods replace three as your child grows.

Shown in Arctic White.

Culinary delights

Show off your culinary style with a built-in butler's pantry that uses refined design and sophisticated colors to elevate everyday storage into an inspiring space at the center of your home. Open shelves frame your favorite collections of dishes and cooking tools, while custom cabinets and drawers keep other supplies organized. Little extras like wine and stemware racks, vertical tray dividers, and wire baskets make the room complete.

Shown in Arctic White and Driftwood.

Shown in Arctic White.

Gourmet gallery

Help your home feel elegant, efficient, and always ready to entertain with a beautifully-designed galley pantry. A wall is transformed into a modern grid of storage and display space that streamlines your tasks and shows off your style. Adjustable-height shelving makes efficient use of space, while the symmetrical design offers a clean, bright backdrop to anchor the space.

There's plenty to satisfy your practical side, with vertical dividers to hold cookie sheets and cutting boards, see-through wire baskets for displaying produce, and deep pull-out drawers just right for storing mixers, blenders, or food processors. Cabinets and drawers keep smaller items contained, maintaining a fresh, clean look that makes the kitchen feel bright and inviting.

Shown in Mocha.

Executive suite

Work, read, relax, or sleep in the lap of luxury with a Library Murphy Bed. An open bookcase, 30" wide side cabinets, and a matching valance provide an elegant, built-in library for storing books or favorite items. The sliding central bookcase parts in the middle to reveal a queen-sized bed.

The bed swings up and down easily with a spring-balanced mechanism, and a built-in strap holds bedding in place when the bed is stowed. A pillow storage box keeps pillows and extra blankets nearby, and a folding headboard prevents items from falling behind the bed. LED lighting can also be integrated into the cabinets to enhance the room's atmosphere and draw attention to items on display.

Murphy Bed

Murphy Bed

Shown in Ore.

Twice as nice

Combine an office and a bedroom in one single space with a Flip-up Desk Murphy Bed. When you're ready to sleep, just fold down the desk and pull down the cabinet to reveal a twin, full, or queen-sized bed. In the morning, you can stow the bed, lift the desk top, and lock the legs into place to create a useful work area again.

The flip-up desk completes the transition from sleeping space to working space. Add an optional filing drawer to organize current projects or important papers right next to the place you work.

All tucked in

Hidden neatly behind doors, a Bi-fold Murphy Bed transforms any space into a comfy bedroom at a moment's notice. Doors open wide and fasten into place with locking hinges, giving you easy access to a twin, full, or queen-sized bed. There's even room behind the open doors for additional storage cabinets or shelves, helping you make the most of every inch of available space.

Night and day

By day, it's an office with open bookshelves, deep cabinets, and a convenient desktop. By night, it transforms into a Side-tilt Murphy Bed with a built-in pillow box, then disappears just as easily when you need to free up floor space again. Thick Forterra panels in a contrasting finish are a fashionable and practical choice for tops, a work surface, and visual accents.

The innovative Desk Bed can turn even small rooms into multipurpose areas, offering a twin bed and office within one 82" x 44" space. Its unique balancing mechanism creates a smooth, uninterrupted transition that keeps bedding and desktop items in place while switching from one to the other.

Some colors shown not available.*

Plug in (or unplug)

Equip your home for work, study, or screen time with a combined media and office storage solution. Clean lines and a contemporary design unify the office and media room, blending effortlessly into your home. A combination of open and closed storage, a work surface, and display space bridge the transition from work to home.

Open shelves showcase photos, keepsakes, awards, or other special items. Paper, reference materials, and other office necessities stay concealed behind doors and in drawers to maintain a neat and orderly appearance.

Shown in Mocha with Arctic White fronts and Arctic White Forterra accents.

Flex time

Whether an entire room is devoted to your office or a space is shared within your home, a dedicated office organization solution makes any workspace more productive. Custom sizing makes smart use of limited space, and cabinets keep supplies contained behind closed doors to maintain a polished look. Organizational tools clip onto a slat wall surface to free up space on your work surface while keeping frequently used items within arm's reach.

Top shown in Tannin with Midnight Black work surfaces.

Bottom shown in Tannin.

Center of activity

Game night, movie time, music, and the home library are even more appealing with a media center that matches your home décor. Choose wood veneer with crown moldings for a traditional look. Select a sleek two-tone design for contemporary cool. Or explore the possibilities of seemingly endless shelves made with Forterra.

Right top shown in Ore with Forterra in Bistro Walnut.

Bottom shown in Cherry veneer with custom stain.

Some colors shown not available.

ORG Home at work

In business as in life, a "one-size-fits-all" approach doesn't always work. Put the professional design and installation expertise of ORG Home on the job for a space uniquely qualified to support you, your team—and your business plan and budget.

Top and lower right shown in Mocha. Bottom left in Arctic White.

Function with fashion

Rich colors, thick Forterra surfaces, and doors with translucent resin panels make the laundry room a sophisticated part of your home. An ironing board folds out for quick touch-ups, then disappears behind a door when not in use. Pull-out bins and baskets store supplies, and a hidden hamper keeps clothes sorted to streamline the laundry process.

Shown in Ore with Arctic White upper cabinets and Forterra work surfaces.

Wash, dry, wow

Shape a laundry area to accommodate any size washer and dryer—and any size family. With baskets for sorting, cupboards for supplies, and rods for hanging, this space handles loads.

Shown in Driftwood with Arctic White Forterra work surfaces.

Keep it clean

Closed doors conceal stored items when not in use, giving your garage a clean, tidy appearance around the clock. Clever solutions include a reach-in recycling center, sports lockers with Silver Track slatwall and hooks, a durable butcher block work surface for projects, and even room for a utility sink.

One-inch thick shelves and robust construction stand up to tough conditions, while wall-mounted cabinets keep stored items off the damp floor and allow for easy cleaning underneath.

Shown in Driftwood with Arctic White interior.

Practically perfect

Almost endless design options make the most of every square inch in your garage. The unique Driftwood finish, extruded aluminum handles, and matching Silver Track slatwall add an unexpected dash of style, turning your garage into a space just as attractive and functional as the rest of your home.

Heavy-duty hooks, bins and accessories make it simple to arrange (and rearrange) tools any way you like for work, gardening, and hobbies.

Showstopping style

A rich Bluff finish along with aluminum handles create an upscale atmosphere you'll be proud to show off. Wall-mounted cabinets come in a variety of sizes, letting you tailor a perfect solution for supporting your hobbies and gear. Add adjustable shelves, pull-out recycling bins, and full-extension drawers to keep everything looking shipshape.

The Silver Track's baskets, shelves, hooks and racks keep frequently used items conveniently within an arm's reach.

Shown in Bluff with Arctic White interior.

Grown-up playroom

Part sports center, part party central, this solution makes casual or spur-of-the-moment entertainment a snap. Invite the neighborhood in for a friendly get-together with ready-made glass and beverage storage, an integrated audio system, and even a transforming tool bench with secret media storage and display space.

An inviting approach

Make your garage as welcoming as your home with warm colors and cool features. We back up our selection with solid workmanship and quality materials like steel hardware, matching edgeband, laminate or butcher block work surfaces, and dovetail construction on full-extending drawers. Almost anything is possible—even a sink to make your life easier.

Shown in Copper Blaze with Arctic White interior.

Elevated parking

Take your garage to new heights with wall-to-wall storage that maximizes every inch of space. Hanging cabinets protect gear from damp concrete and allow for easy cleaning underneath. Sturdy wall accessories and drawer organizers keep tools within arm's reach.

Extra-tall cabinets keep golf clubs in prime condition. Doors open wide for easy access and one inch thick shelves stand up to heavy items. Picture what you want, and we'll personalize a storage solution to fit your needs to a tee.

Shown in Copper Blaze with Arctic White interior.

Garage

A striking combination

Gorgeous finishes and quality hardware keep your garage dressed to impress. Intelligent design contains the clutter neatly inside, while durable, heavy-duty materials and easy-to-clean surfaces stand up to a tough garage environment.

Mix and match your choice of deep cabinets, drawers, and adjustable shelves to hold bulky garage gear. Extend the upscale look all the way to the floor with a durable, easy-maintenance floor coating system. Ask your dealer for details.

Some colors shown not available.

Garage

Sports headquarters

Rugged wall accessories keep tools and hoses ready. A boot bench with added storage provides a handy perch for gearing up or down.

Shown in Platinum with Arctic White interior.

Garage

Showroom style

Transform your garage into a space every bit as upscale as the rest of your home. This high-performance garage solution offers ample storage, display space, and sleek design features. Heavy-duty cabinets with full back panels and one-inch thick, sturdy shelves serve as primary storage for organizing home and hobby gear. A rich Copper Blaze color, textured work surfaces, and a coated floor provide timeless style, blending seamlessly with your home.

Shown in Copper Blaze with Arctic White interior.

Garage

Lifestyle driven

Organize a hub for the activities you love, like this scooter pit stop. The slatwall can be equipped with baskets, hooks, and more to keep recreational gear at the ready. Built-in display cases highlight treasured items. Tall cabinets hide outdoor equipment and off-season items, while a durable work surface stands ready for the next project.

Warm welcome

Functional, family-friendly storage prevents a pileup and puts everything in its place. Open shelves keep shoes in order and off the floor. A boot bench with adjustable hooks offers a place to park your jacket, purse or groceries while opening the door.

Top shown in Ore. Bottom in Bluff.

Make an entrance

Wall-to-wall storage keeps you organized coming and going. Hang, grab, and stow shoes, sweatshirts, backpacks and equipment you tote here or there. Intuitive hooks, shelves, and drawers keep everyday items in order and out of the house.

This system is divided into three tidy tiers, with cabinets above for seasonal storage. Below the coat hooks, a sturdy Forterra bench provides a place for pulling on or shedding shoes. Drawers with full-extension glides keep items hidden but easily accessible.

Good to know

Investing in your home is a big decision—and one you can always feel good about when you work with ORG Home.

Leading the industry

ORG Home products are made by a well-established company with over 30 years of experience. The ORG Home difference is visible in so many ways:

- Centralized manufacturing guarantees consistently high-quality products—visible in details like our drawer and door fronts, color matching, and first-rate fit and finish.
- Close attention to evolving customer needs and wants inspires our continuous investment in new and innovative ideas.
- Our advanced design, engineering, and machinery mean we can personalize your solution to create anything—and everything—your heart desires.

First-to-market designs

Forterra® engineered structured panels open a new realm of design possibilities. Made with recycled content, their unique construction:

- Creates more substance with less material, saving forest-based resources
- Delivers unprecedented strength and durability
- Allows exceptionally long, uninterrupted horizontal lines
- Creates bold, exciting accents unlike any others in the market

An exceptional experience

From start to finish, the entire process is focused on you. Our quality, style, and expanded choices cater to all of your organizational and aesthetic needs.

Your local ORG Home dealer's personal service and installation take care of the rest.

- During an in-home consultation, an experienced designer works with you to create a plan that complements your lifestyle.
- Specialized ORGdesign software lets you preview the finished space in 3D and tweak until it's perfect.
- Expert installers integrate your solution in an efficient and timely way, handling each item with care and treating your home as they would their own.

LIMITED RESIDENTIAL LIFETIME WARRANTY

ORG HOME PRODUCTS ARE MANUFACTURED USING THE HIGHEST QUALITY MATERIALS TO EXACT TOLERANCES AND INCLUDE A LIMITED LIFETIME RESIDENTIAL WARRANTY. SEE YOUR ORG HOME DEALER FOR FULL WARRANTY DETAILS.

ORG Home offers a complete line of personalized storage and organization solutions for closets, garages, pantries, laundry rooms, entryways, home offices, craft rooms, and more. ORG Home Authorized Dealers provide design services, organization advice, and professional installation. Although we make every effort to ensure product availability with changing market trends, not all products shown may be available.
